4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Yes

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

No - No New Anchors

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Name of Attached Document Listing Required Information

Broadband Deployment Locations – FCC 14-98 (paragraph 80)

4004a. Attach a list of geocoded locations to which broadband has been deployed as of the June 1st immediately preceding the July 1st filing deadline for the FCC Form 481.

356223ia4004a.xlsm

Name of Attached Document Listing Required Information

4004b. Attach evidence demonstrating that the recipient is meeting the relevant public service obligations for the identified locations. Materials must at least detail the pricing, offered broadband speed and data usage allowances available in the relevant geographic area.

Allamakee-Clayton Electric Cooperative

Certification of Compliance with Applicable Service Quality Standards and Consumer Protection Rules

Iowa Administrative Code §199-22.6 requires an ETC to certify in its annual report that it is complying with applicable service quality standards and consumer protection rules. Following are procedures that the company follows to comply with the rules.

Service Quality Standards

The Company currently does not provide voice services.

The Company:

- Advertises the availability of its services and the charges using media of general distribution and/or on its website.
- Maintains a business office providing customers with access to a customer service representative either in person or via a local telephone call or toll-free telephone number during business hours.
- Directs after hour calls to the Company's help desk.
- Directs trouble reports to the on-call technician.
- Tracks all service orders to ensure they are completed in a timely manner.
- Measures its service connection and service interruption performance on a regular basis.
- Trains employees to:
 - Answer all incoming calls promptly.
 - Respond to all inquiries for information promptly and courteously.
 - Investigate thoroughly all customer complaints and handle appropriately according to the Company's guidelines for resolution of customer complaints.
 - Be knowledgeable about products and service offerings so they can assist the customer with selecting the best service option.
- Has a process for periodic inspection, testing and preventive maintenance of its equipment to permit the rendering of safe, adequate and continuous service at all times.
- Meets or exceeds the standards established by the state commission and provides any reports required in accordance with the state commission's rules.

Consumer Protection Rules

The Company has established procedures designed to facilitate compliance with applicable consumer protection rules: The procedures include:

- Appointment of a compliance officer.
- Documentation of procedures for protecting consumer information.
- Employee training on an annual basis.
- A disciplinary process for improper use of consumer information.

If complaints are filed with the Company regarding consumer protection rules, the complaint is immediately investigated, the matter tracked and any corrective action noted. This process ensures that problems are addressed and corrections made.

Allamakee-Clayton Electric Cooperative

Functionality in Emergency Situations

Back-Up Power

The Company has the following to ensure functionality in case of a commercial power outage.

- Network Switching: Layer 3 network dual switches located at core sites and harden switches at the network edge with Ring or LAG configuration.
- Standby Power Office: Central Office located at office facility has 200 Amp hour batteries and Inverter for 40 hours of run time.
- Standby Power Tower sites: Batteries and Inverter for 24 hours of run time.
- Standby Power Repeater sites: Batteries and Inverter for 24 hours of run time.
- One Standby 100 gal Diesel Generator, 200 KVA-200 KW located at office facility, and fixed generators at Core Tower sites.
- One Standby 30 gal LP Generator, 20 KVA-20 KW located at office facility that could be placed on a trailer, and one gas generators. Generator plugs are located at all tower sites.

Rerouting of Traffic around Damaged Facilities

The network switching is comprised of Layer 3 network switches in dual configuration, located at core sites and harden switches are deployed at the network edge. All switches are in Ring or LAG configuration. We have two network paths out to the internet from two different providers to support our broadband network

Traffic Spikes

Our core broadband switches have the ability to support 10 gigabit uplinks and the edge switches have one gigabit ability to support network traffic

Each of our core switches use OSPF (Open Shortest Path First) that support 10,000 routes and has the capability 5,000 BGP routes (Border Gateway Protocol). We currently have enough capacity to support our current customer base and capacity to support up to an estimated 10,000 more routes or customers.

There is a significant amount of unused switching capacity to support sporadic traffic spikes and the broadband pipe to the world includes enough capacity to carry more data than a normal day.

With both backbone providers we have enough capacity to support our current customer base and add additional customers to the network without any issue. Our network would support five times the customer base.

Allamakee-Clayton Electric Cooperative
Lifeline Terms and Conditions

Allamakee-Clayton Electric Cooperative, (“ACEC”) offers Lifeline program-supported service to qualified low-income residential consumers for one telephone line or qualifying broadband internet access service (BIAS) per eligible household. The Lifeline program provides discounts to eligible low-income consumers to help them establish and maintain telephone service or qualifying BIAS. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline. Toll blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit.

Lifeline Program Eligibility Information

Program Based Eligibility

Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

Federal Public Housing Assistance (Section 8)
 Supplemental Nutrition Assistance Program (SNAP)
 Medicaid
 Supplemental Security Income (SSI)
 Veteran’s Pension and Survivor Benefit

Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means.

Acceptable documentation of program-based eligibility includes: current or prior year’s statement of benefits from a qualifying state, federal or Tribal program; notice letter of participation in a qualifying state, federal or Tribal program; program participation documents; or another official document evidencing the consumer’s participation in a qualifying state, federal or Tribal program.

Income Based Eligibility

In addition, consumers are eligible for Lifeline if their household income is at or below 135% of the federal poverty guidelines.

2017 Federal Poverty Guidelines – 135%

Household Size	48 Contiguous States and D.C.	Alaska	Hawaii
1	\$16,281	\$20,331	\$18,711
2	\$21,924	\$27,392	\$25,205
3	\$27,567	\$34,452	\$31,698
4	\$33,210	\$41,513	\$38,192
5	\$38,853	\$48,573	\$44,685
6	\$44,496	\$55,634	\$51,179
7	\$50,139	\$62,694	\$57,672
8	\$55,782	\$69,775	\$64,166
For each additional person, add	\$5,643	\$7,061	\$6,494

Acceptable documentation of income eligibility includes: prior year's state, federal or Tribal tax return; current income statement from an employer or paycheck stub; social security statement of benefits; Veterans Administration statement of benefits; retirement/pension statement of benefits; unemployment/workmen's compensation statement of benefits; federal or Tribal notice of letter participating in General Assistance; or a divorce decree or child support award or other official document containing income information.

Lifeline Program Service

ACEC's Voice Lifeline service includes unlimited local minutes-of-use within the toll-free calling area. ACEC's Voice Lifeline Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the Lifeline service, Toll blocking is available to eligible consumers at no cost.

BIAS minimum speed and usage allowance standards are required for the service to qualify.

Lifeline recipients may transfer the Lifeline benefit to a new company once every sixty days for telephone service and once every 12 months for BIAS.

Rates

Subscribers may receive the Lifeline credit on any type or grade of local service, including bundled services that are normally offered by ACEC. Advertised rates do not include any applicable taxes or surcharges.

Recertification of Lifeline Eligibility

Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

Additional Lifeline Program Information

The Lifeline program is limited to one benefit per household, consisting of either telephone or BIAS. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.
